# Pump up the volume

**Intex** expands its Sensation Series of Home Theatre Systems by introducing two new models.

Out of the two the 51125 Wooden is a 5.1 model capable of delivering 125 W output. Built in micro-controller based control system, full function LED display and remote control are some of the supporting features adding value to the whole package. The sophisticated unit comes enclosed in a wooden casing and costs around Rs 12,500. Both

the units can be used in conjunction with TV, DVD, CD, VCD player, making it a must have for the audio-video buffs who prefer to enjoy the 'in-theatre' experience. —HTC
