**ULTRA-SLIM, LIGHTWEIGHT MONITORS**

Intex Technologies has unveiled the ultra-slim, lightweight range of wide screen TFT-LCD monitors. The new range offers three models—1404 W, 1504 W, 1704 W, measuring 14.1", 15.4" and 17", respectively. Equipped with RoHS (Restriction of Hazardous Substances) compatibility, the range is environment-friendly, as it does not create or cause any toxic e-waste. Users can savour multi-tasking and superlative visual output on the wide display area, for computing, multi-media and gaming applications.

Price: Rs 7,000–9,900 for the Vista compatible range
